

9/11 Explosive Evidence -- Experts Speak Out

film showing at Southwest Harbor Public Library

Dick Atlee, October 10, 2013

Further 9/11 resources: <http://dickatlee.com/issues/911/resources>

1. **My journey**
 - a. I originally thought "Official Story" (19 Arab hijackers, fire/impact damage, Flight 93 crashed by passengers) was correct
 - b. 2006: encountered 2 DVDs:
 1. Brigham Young Univ. physicist Steven Jones lecture at Utah State
 2. 9/11 Mysteries: 1. Demolitions
 - c. Dr. David Ray Griffin's books -- documenting research of scores of researchers
 - d. Presentations I've done: two Acadia Sr. College courses on 9/11 evidence (2009, 2013), one ASC Sips presentation on WTC7, SWHPL showing of "9/11 Blueprint for Truth"
2. **"Conspiracy Theories"**
 - a. Perjorative use cuts off thinking and ability to look at and evaluate evidence
 - b. All agree 9/11 was a conspiracy (unless act of God); only question is "Who"
3. **Not a matter of Left or Right** -- the Official Story is
 - a. Accepted by Noam Chomsky, Amy Goodman, Matt Taibbi, SPLC (Left)
 - b. Rejected by Alex Jones (Right)
4. **What happened?**
 - a. Official Story (all 3 versions) can be shown to be wrong by existing evidence
 - b. Many pieces of evidence hint at what might have happened, some contradicting others (or seeming to)
 - c. Suspicion of deliberate "cognitive infiltration" -- spreading of disinformation has caused fragmentation of "9/11 Truth" movement.
 - d. My own ideas have changed over time -- don't pretend to know for sure
 - e. It is impossible to know without a **truly independent investigation with subpoenas**
5. **Important questions** once the Official Story is eliminated: means, motive, opportunity
 - a. Who had free access to 3 WTC towers and Pentagon?
 - b. Who had the ability to accomplish what happened?
 - c. Who had the power/influence to maintain a continued cover-up of that?
 - d. **Most important in criminal investigations:** *Qui bono?* -- Who benefits?
6. **Rabbit Hole or Red Pill:** once you start looking, nothing looks quite the same -- 9/11 and its underpinnings spread out over both time and space
7. **Petition** (Architects and Engineers for 9/11 Truth) for new investigation: Almost 20,000 have signed it, including over 2000 verified professional architects, engineers, and physicists.
8. **Handout materials** -- for further study or sharing
 - a. DVDs
 1. This film: full length (1.5 hours) version
 2. 9/11 Press for Truth -- "the video to show your grandmother in introducing 9/11"
 - b. AE911Truth's "Investigator" newspaper & World Trade Center fact cardsœ
