00:00	Intro: her qualifications	42:11	dose-response of symptoms to cell tower distance
01:00	Problem: don't do harm	43:28	Wi-Fi (non-cell) research publications
01:42	World Health Org: Class 2b carcinogen	43:43	Tablet issues
02:20	Outline of presentation	44:22	Govt child cellphone warning but tablet promotion
03:40	Electromagnetic nature of life -- transmitter / receiver	45:47	Bioinitiative Working Group 2011/2 report
05:18	EMF now very different from our evolution	46:46	wi-fi devices strongly discouraged in schools
05:50	Child RF exposure graph	47:09	Research quality
06:10	Need for several generations of experience	47:22	researcher-integrity dependence
06:36	EM spectrum,	47:42	positive/negative "balance" inappropriate
07:05	RF emitting devices	48:13	who should you listen to?, "consistency" inappropriate
07:40	RF power density comparisons	49:12	AGNIR 2012 report did not include WHO 2011 cancer
08:08	Sir Wm Stuart report on RF/schools, laptops/cell towers	49:52	past "safe" dangers were limited, RF ubiquity->epidemic
09:15	Obsolete (thermal) guidelines, counter research since 50's, EPA statement	50:37	funding bias
10:25	Guidelines/typical-exposures/effects-at-levels chart	51:19	big UK RF/children study financed by govt & industry
11:19	Power-density/health-effects chart	52:43	WHO cancer 2B -- likw lead, ddt, diesel, chloroform
11:50	Country limits comparison	53:46	dissenters: 2A or 1 (Hill causality criteria, mechanisms)
12:15	Many factors (not just power) affect impact intensity & frequency windows	54:38	Human rights of children (UN articles), Nuremburg
13:18	Pulsed radiation issue (not smooth sine wave)	55:13	Precautionary principle (though too late)
13:45	Complex wave interactions, reflection, hotspots, 3D	55:58	Where does precautionary failure blame lie?
15:15	Different tissue absorption rates (SAR), sensitivities	56:22	Union positions
16:16	Cellular level mechanisms	56:36	Insurance RF refusal
16:30	calcium ion transport, oxidative stress	57:00	Medical group opposition positions
17:05	cellular structure effects	57:15	Council of Europe resolution: school wireless ban

39:30	Whole body exposure hotspot diagrams		
40:00	Autism/RF correlation graph + mechanism links		
40:38	Electrohypersensitivity (EHS)		

* **Statement of Accountability** (for schools)

Confirm that:

You are informed

Aware that 'save levels' have documented harmful effects

Aware of Group 2b WHO status

Aware no pre-market safety testing

Aware no non-thermal safety level

Your reasons for implementation

Your reasons not to use hardwired

Evidence of insurance coverage for health effects of RF in your building

** **Consent form** (for parents/guardians: child cannot consent)

I consent to my child being:

Irradiated by a Group 2b possible human carcinogen

Exposed to a toxin known to cause DNA damage and other

biological disruption such as multiple organ system

disturbances including: reproductive impairment

neurological disruption cardiological compromise

impaired learning ability hormonal disruption
